Dear Mr. Weisberg,

We just saw you on Black Journal and are very interested in what you have to say as we collect every piece of information we can on the King and Kennedy murders.

On the show you said you had written 6 books on this and that one would be released soon. Could you please tell us their titles and where it is anywhere we can get a copy of them.

We don't have a lot of money but if they don't cost alot we would be willing to send anywhere to get a copy of each.

It's our hope that you can give us this information.

It's our hope you continue your work for a long time.

Hope you'll forgive the bad handwriting. It's also our hope you'll write us back with the information as it would help us greatly.

Yours truly,
Cynthia Hesseltine
